

Zee Spec sheet

The Zee is manufactured using only Aluminium 6061T6 and 6063T6 grades. Only the seat frame and minor fittings are of stainless and mild steel. There are no unsightly external bracing wires or cables. Designed to work specifically with the Wills Wing Falcon 4 Tandem wing but flown and tested with Aeros, Icaro and Airborne tandem wings. Unique one wing-nut engine removal, (all Zee's power units are fully interchangeable in one wing-nut manoeuvre). Fast, easy complete tool-less assembly and disassembly, including unique effortless throttle cable removal.

Empty weight.....23kg

Weight with Corsair Black Devil light - Electric start.....42.5kg

Fuel tank capacity` (Aluminium)15L

Undercarriage Fold up bag in size.....L 105cm x W 40cm x H 60cm
